Sealed Bids

Sealed bids for the purchase of \$2,800,000 principal amount of General Obligation Bonds, Series 1996, of Unified School District No. 380, Marshall County, Kansas, hereinafter described, will be received by the undersigned, district clerk of Unified School District No. 380, Marshall County, Kansas, on behalf of the Board of Education of the district at the district's administrative offices, 3rd and School Streets, Vermillion, KS 66544, until 11:30 a.m. central time April 17, 1996. All bids will be publicly opened and read at said time and place and will be acted upon by the district immediately thereafter. No oral or auction bids will be considered.

2008	230,000
2009	245,000
2010	255,000
2011	270,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1997.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on September 1, 2005, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2004, and thereafter in whole on any date or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 45 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the district's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed index of 30-year treasury bonds published by The Bond Buyer in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid (continued)

shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various improvements to the district's schools. The bonds will be general obligations of the district payable as to both principal and interest for the district's general obligation bonds from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income.

The district does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Watson and Marshall L.C., Kansas City, Missouri, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is

excludable from federal income taxation. Under present law, interest on the bonds is also excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about May 15, 1996, at such bank or trust company in the contiguous 48 states of the United States as may be specified by the successful bidder. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the district and bond registrar not later than noon central time April 24, 1996. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by noon April 24, 1996, a certificate acceptable to the district's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more of the par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount equal to 2 percent of the par value of the bonds payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice and the bid, at which time said check shall be returned to the successful bidder or deducted from the purchase price of the bonds, all at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder, this being the sole remedy of such bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the district, and the district reserves the right to pursue any consequential damages as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

Bid Forms

When the quantity of stormwater exceeds the pond's capacity, the excess runoff bypasses the ponds and flows off-site into the Verdigris River via an unnamed tributary. The effluent limitations are pursuant to Kansas surface water quality standards, K.A.R. 28-16-28(b-f), and federal surface water criteria, and are water quality based.

Article 25.—BIG BEND GROUNDWATER MANAGEMENT DISTRICT NO. 5

5-25-1. Definitions. As used in these rules and regulations, unless the context clearly requires otherwise, the following words and phrases shall have the meaning ascribed to them in this article. (a) "Aquifer" means a geologic formation capable of yielding water in a sufficient quantity to supply water to a spring or pumping well.

(b) "Board" means the board of directors constituting the governing body of the big bend groundwater man-

agement district no. 5.

(c) "District" means the big bend groundwater man-

agement district no. 5.

(d) "Stream" means any water course, or part of a water course, with a well-defined bed and banks that flows continuously during the calendar year, except during a drought.

(e) "Well" means any excavation that is drilled, cored, bored, washed, driven, dug or otherwise constructed, either by nature or by man, when the proposed use of such excavation is for the acquisition, diversion, or artificial recharge of groundwater.

(f) "Bedrock aquifer" means any consolidated material and unconsolidated material that is older than the Dakota formation of the Dakota aquifer system, as defined in K.A.R. 5-1-1(mm), that will yield water in a sufficient quantity to supply a spring or a pumping well.

(g) "Baseflow" means groundwater that seeps, flows or is otherwise naturally discharged from an aquifer into

(h) "Baseflow node" means an artificial point located in the channel of a stream for the purpose of allocating a proportional amount of the baseflow to be considered when evaluating a new application to appropriate water from a proposed point of diversion located within two miles of the node.

(i) "Sustainable yield" means the long term yield of the source of supply including hydraulically connected surface water or groundwater, allowing for the reasonable

raising and lowering of the water table.

(j) "Baseflow node allocation" means the annual quantity of water assigned to a baseflow node expressed in acre feet per year. The baseflow node allocation shall be based on the natural discharge to a stream which shall be the rate of flow in the stream that is equalled or exceeded

90 percent of the time.

- (k) "Dakota aquifer" means that portion of the Cretaceous Dakota formation that is capable of yielding water in a sufficient quantity to supply water to a spring or pumping well. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1980; amended May 1, 1987; amended April 19, 1996.)
- **5-25-2.** Well spacing. (a) With the exception of those wells described in subsection (c), the minimum spacing of all wells, other than those used for domestic use described in an application to appropriate water for beneficial use, shall be 1320 feet from:
- (1) all other wells or proposed wells which carry an earlier priority; and

(2) baseflow nodes.

Non-domestic wells shall be 660 feet from all other earlier priority domestic wells, except those domestic wells

owned by the applicant.

(b) The location of a well requested in an application to change a point of diversion shall be no more than 1320 feet from the point originally authorized by a vested right, appropriation right or an application to appropriate

water for beneficial use. Such wells shall meet the minimum spacing requirement established in subsection (a) except when the replacement well is drilled within 100 feet of the originally authorized point of diversion.

(c) Each nondomestic well which proposes the withdrawal of groundwater from the Dakota aquifer or any bedrock aquifer shall be one mile from all other wells withdrawing groundwater from the same formation, including domestic wells, except those domestic wells

owned by the applicant.

(d) Exceptions to this regulation may be recommended by the board to the chief engineer provided that it is proven by the applicant to the satisfaction of the board that such exceptions will neither impair a use under an existing right, nor prejudicially and unreasonably affect the public interest. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1980; amended April 19, 1996.)

5-25-3. Reasonable appropriation. An application for a permit to appropriate water for beneficial use shall not be recommended by the board for approval for a quantity in excess of 11/2 acre feet of groundwater per acre of land to be irrigated. For other uses, it must be demonstrated to the satisfaction of the board and the chief engineer that the quantity requested is reasonable for the proposed beneficial use, and that such approval will not impair an existing right, nor prejudicially and unreasonably affect the public interest. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 1994 Supp. 82a-711; effective May 1, 1980; amended April 19, 1996.)

5-25-4. Sustainable yield. (a) Except as set forth in subsections (b) and (c), the approval of all applications for a permit to appropriate water for beneficial use filed on and after March 9, 1990, and applications for change in point of diversion filed after the effective date of this regulation, shall be subject to the following sustainable

yield criteria.

- (1) The proposed appropriation, when added to the vested rights, prior appropriation rights, earlier priority applications, term permits for more than a year, and all baseflow node allocations within a two-mile radius circle whose center is the location of the proposed well, shall not exceed 1,500 acre feet. It shall be assumed for purposes of analysis that all prior applications, permits, certificates and vested rights are being fully exercised and that all limitation clauses listed on permits and certificates
- (2) If part of the area within the two-mile radius circle around the proposed well location is outside the district boundary, the 1,500 acre feet quantity of water referred to above shall be reduced proportionately by the percentage of the circle lying outside of the district boundaries. Only the baseflow node allocations, vested rights, prior appropriations, earlier priority applications and term permits for more than one year ascribed to wells within the portion of the circle within the district shall be
- (3) If wells authorized under a vested right or an application are divided by the circumference of the circle, then a reasonable quantity shall be allocated to each well or wells based upon the best available information.

(4) Each analysis for an application for a change in the point of diversion referred to in subsection (a) shall include all applications with a priority earlier than the priority established by the filing of the application for change.

(b) The following types of applications shall be exempt from the sustainable yield criteria in subsection (a) and

the basin closings in subsection (c):

- (c) Except as set forth in subsection (b) above, the following hydrologic units have been determined to be appropriated to the sustainable yield, and therefore, those units shall be closed to further new surface water and groundwater appropriations with respect to any applications filed on and after March 9, 1990:
 - (1) the Arkansas river basin;
 - (2) the rattlesnake creek basin;

(3) the pawnee river basin; and

- (4) the walnut creek basin.

(c) The water right owner shall:

(1) install and maintain required water flow meters and check valves in accordance with the manufacturer's specifications and instructions;

(2) maintain the water flow meter and check valve in an operating condition satisfactory to the chief engineer and the board whenever the well is operating; and

- (3) promptly initiate action to complete repair or replacement of the meter or check valve or to correct any problems with the installation whenever the required meter or check valve fails to function properly for any reason.
- (d) Exceptions to this regulation may be recommended by the board to the chief engineer provided it is proven by the applicant to the satisfaction of the board that such exceptions will not impair a use under an existing water right, nor prejudicially and unreasonably affect the public interest. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(l) and (n); effective May 1, 1980; amended May 1, 1985; amended April 19, 1996.)

If the representative of the district finds that a violation exists or did exist, the representative shall issue a written directive to the violator to come into compliance with the applicable rules and regulations, management program and laws, within a reasonable period of time.

(c) If the violator fails to comply with the directive of the representative within a reasonable period of time as

determined by the board, the district may:

(1) seek to enjoin the violator's use of water by suitable action in district court until such time as the violator complies;

(2) seek the assistance of the chief engineer and attorney general of the state of Kansas to enjoin the violator's use of water until such time as the violator complies; or

- (3) pursue other courses of action in the public interest. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1980; amended May 1, 1981; amended April 19, 1996.)
- 5-25-10. Test holes and water quality analyses. (a) Except for those types of applications described in K.A.R. 5-25-4(b), each applicant proposing to divert groundwater for nondomestic use within the district shall drill a test hole which shall be:

(1) drilled to the bottom of the aquifer;

(2) completed as an observation well according to specifications adopted by the district; and

(3) drilled under the supervision of the district.

(b) The applicant shall have a water sample taken from within five feet of the bottom of the aquifer and have the water sample analyzed for chloride content by a laboratory certified by the Kansas department of health and environment. The applicant shall furnish the results of the water quality analysis and a copy of the test hole log to the district.

(c) If the analysis of the water sample taken within five feet of the bottom of the aquifer indicates the chloride content exceeds 500 milligrams per liter (mg/l), the application to appropriate water shall be recommended for

denial by the district unless:

(1) the applicant shows to the satisfaction of the board and the chief engineer that approval of the application will not cause an unreasonable deterioration of the water quality nor prejudicially and unreasonably affect the pub-

he interest; and

(2) the applicant desires to proceed and is willing, at the applicant's expense, to drill and complete at least two additional observation wells at locations to be determined by the district based on the lithology and the construction of the proposed well. Both of these two additional observation wells shall be constructed according to specifications adopted by the district and in the presence of a representative of the district. The two additional observation wells shall be constructed and screened above the salt water and fresh water interface at a depth specified by the district.

(d) If at any time the chloride concentration in either of the latter two observation wells exceeds 500 mg/l, the owner shall reduce the instantaneous rate of pumping or the annual quantity pumped, or both, as necessary to reduce the chloride concentration in both observation wells

to below 500 mg/l.

(e) The permit shall be dismissed and the owner shall

properly plug the well at the owner's expense if:

(1) within one year after the chloride concentrations exceeds 500 mg/l in either of the two observation wells, the chloride concentrations are not reduced below 500

mg/l; or

(2) operation of the well causes impairment of any other water right, including a domestic water right. (Authorized by K.S.A. 82a-706a and K.S.A. 82a-1028(o); implementing K.S.A. 82a-1028(n); effective May 1, 1983; amended April 19, 1996.)

In proceedings under the workers compensation act, the burden of proof shall be on the claimant to establish the claimant's right to an award of compensation and to prove the various conditions on which the claimant's right depends. In determining whether the claimant has satisfied this burden of proof, the trier of fact shall consider the whole record.

(b) Except as provided in the workers compensation act, no employer, or other employee of such employer, shall be liable for any injury for which compensation is recoverable under the workers compensation act nor shall an employer be liable to any third party for any injury or death of an employee which was caused under circumstances creating a legal liability against a third party and for which workers compensation is

payable by such employer.

(c) Except for liability for medical compensation, as provided for in K.S.A. 44 510 and amendments thereto, the employer shall not be liable under the workers compensation act in respect of any injury which does not disable the employee for a period of at least one week from earning full wages at the work at which the employee is employed. The employee shall not be entitled to recover for the aggravation of a preexisting condition, except to the extent that the work-related injury causes increased disability. Any award of compensation shall be reduced by the amount of functional impairment determined to be preexisting.

(d) (1) If the injury to the employee results from the employee's deliberate intention to cause such injury; or from the employee's willful failure to use a guard or protection against accident required pursuant to any statute and provided for the employee, or a reasonable and proper guard and protection voluntarily furnished the employee by the employer,

any compensation in respect to that injury shall be disallowed.

The employer shall not be liable under the workers compensation act where the injury, disability or death was contributed to by the employee's use or consumption of alcohol or any drugs, chemicals or any other compounds or substances, including but not limited to, any drugs or medications which are available to the public without a prescription from a health care provider, prescription drugs or medications, any form or type of narcotic drugs, marijuana, stimulants, depressants or hallucinogens. In the case of drugs or medications which are available to the public without a prescription from a health care provider and prescription drugs or medications, compensation shall not be denied if the employee can show that such drugs or medications were being taken or used in therapeutic doses and there have been no prior incidences of the employee's impairment on the job as the result of the use of such drugs or medications within the previous 24 months. It shall be conclusively presumed that the employee was impaired due to alcohol if it is shown that at the time of the injury that the employee had an alcohol concentration of .04 or more. An employee's refusal to submit to a chemical test shall not be admissible evidence to prove impairment unless there was probable cause to believe that the employee used, possessed or was impaired by a drug or alcohol while working. The results of a chemical test shall not be admissible evidence to prove impairment unless the following con-

(A) There was probable cause to believe that the employee used, had possession of, or was impaired by the drug or alcohol while working;

(B) the test sample was collected at a time contemporaneous with the events establishing probable cause;

(C) the collecting and labeling of the test sample was performed by a licensed health care professional;

(D) the test was performed by a laboratory approved by the United States department of health and human services or licensed by the department of health and environment, except that a blood sample may be tested for alcohol content by a laboratory commonly used for that purpose by state law enforcement agencies;

(E) the test was confirmed by gas chromatography, gas chromatography-mass spectroscopy or other comparably reliable analytical method, except that no such confirmation is required for a blood alcohol sample;

(F) the foundation evidence must establish, beyond a reasonable doubt, that the test results were from the sample taken from the em-

ployee.

Compensation shall not be paid in case of coronary or coronary (e) artery disease or cerebrovascular injury unless it is shown that the exertion of the work necessary to precipitate the disability was more than the employee's usual work in the course of the employee's regular employ-

(f) Except as provided in the workers compensation act, no construction design professional who is retained to perform professional services on a construction project or any employee of a construction design professional who is assisting or representing the construction design professional in the performance of professional services on the site of the construction project, shall be liable for any injury resulting from the employer's failure to comply with safety standards on the construction project for which compensation is recoverable under the workers compensation act, unless responsibility for safety practices is specifically assumed by contract. The immunity provided by this subsection to any construction design professional shall not apply to the negligent preparation ration of design plans or specifications.

It is the intent of the legislature that the workers compensation act shall be liberally construed for the purpose of bringing employers and employees within the provisions of the act to provide the protections of the workers compensation act to both. The provisions of the workers compensation act shall be applied impartially to both employers and em-

ployees in cases arising thereunder.

(h) If the employee is receiving retirement benefits under the federal social security act or retirement benefits from any other retirement system, program or plan which is provided by the employer against which the claim is being made, any compensation benefit payments which the employee is eligible to receive under the workers compensation act for such claim shall be reduced by the weekly equivalent amount of the total amount of all such retirement benefits, less any portion of any such retirement benefit, other than retirement benefits under the federal social security act, that is attributable to payments or contributions made by the employee, but in no event shall the workers compensation benefit be less than the workers compensation benefit payable for the employee's percentage of functional impairment.

If a hearing is not requested within 30 days of receipt of the order and the director decides to proceed with the matter, a hearing shall be conducted and if a prima facie case is established a final order shall be issued by the director. If the final order is adverse to a health care provider, the director shall provide a report to the licensing board of the health care provider with full documentation of any such determination, except that no such report shall be provided until after judicial review if the order is appealed. Any order of the director under this section shall be subject to review by the board.

on 10 days' written notice.

(e) In any employment to which the workers compensation act applies, the employer shall be liable to each employee who is employed as a duly authorized law enforcement officer, ambulance attendant, mobile intensive care technician or firefighter, including any person who is serving on a volunteer basis in such capacity, for all reasonable and necessary preventive medical care and treatment for hepatitis to which such employee is exposed under circumstances arising out of and in the course of employment.

(3) For the loss of a second finger, 30 weeks.

(4) For the loss of a third finger, 20 weeks.

(5) For the loss of a fourth finger, commonly called the little finger, 15 weeks.

The loss of the first phalange and any part of the second phalange of a thumb which includes the loss of any part of the bone of such second phalange, shall be considered to be equal to the loss of the entire thumb. The loss of the first and second phalanges and any part of the third proximal phalange of any finger, shall be considered as the loss of the entire finger. (23) Loss of a scheduled member shall be based upon permanent impairment of function to the scheduled member as determined using the third edition, revised, of the American Medical Association Guidelines for the Evaluation of Physical Impairment, if the impairment is contained therein the fourth edition of the American Medical Association Guides to the Evaluation of Permanent Impairment, if the impairment is contained

(b) Whenever the employee is entitled to compensation for a specific injury under the foregoing schedule, the same shall be exclusive of all other compensation except the benefits provided in K.S.A. 44.510 and amendments thereto, and no additional compensation shall be allowable or payable for any temporary or permanent, partial or total disability, except that the director, in proper cases, may allow additional compensation during the actual healing period, following amputation. The healing period shall not be more than 10% of the total period allowed, for the scheduled injury in question nor in any event for longer than 15 weeks. The return of the employee to the employee's usual occupation shall terminate the healing period.

Sec. 6. K.S.A. 44-510e is hereby amended to read as follows: 44-510e. (a) If the employer and the employee are unable to agree upon the amount of compensation to be paid in the case of injury not covered by the schedule in K.S.A. 44-510d and amendments thereto, the amount of compensation shall be settled according to the provisions of the workers compensation act as in other cases of disagreement, except that in case of temporary or permanent partial general disability not covered by such schedule, the employee shall receive weekly compensation as determined in this subsection during such period of temporary or permanent partial general disability not exceeding a maximum of 415 weeks. Weekly compensation for temporary partial general disability shall be 66% of the difference between the average gross weekly wage that the employee was earning prior to such injury as provided in the workers compensation act and the amount the employee is actually earning after such injury in any type of employment, except that in no case shall such weekly compensation exceed the maximum as provided for in K.S.A. 44-510c and amendments thereto. Permanent partial general disability exists when the employee is disabled in a manner which is partial in character and permanent in quality and which is not covered by the schedule in K.S.A. 44-510d and amendments thereto. The extent of permanent partial general disability shall be the extent; expressed as a percentage, to which the employee, in the opinion of the physician, has lost the ability to perform the work tasks that the employee performed in any substantial gainful employment during the fifteen-year period preceding the accident, averaged together with the difference between the average weekly wage the worker was earning at the time of the injury and the average weekly wage the worker is earning after the injury. In any event, the extent of permanent partial general disability shall not be less than the percentage of functional impairment. Functional impairment means the extent, expressed as a percentage, of the loss of a portion of the total physiological capabilities of the human body as established by competent medical evidence and based on the third edition, revised, of the American Medical Association Guidelines for the Evaluation of Physical Impairment, if the impairment is contained therein and based on the fourth edition of the American Medical Association Guides to the Evaluation of Permanent Impairment, if the impairment is contained therein. An employee shall not be entitled to receive permanent partial general disability compensation in excess of the percentage of functional impairment as long as the employee is engaging in any work for wages equal to 90% or more of the average gross weekly wage that the employee was earning at the time of the injury. If the employer and the employee are unable to agree upon the employee's functional impairment and if at least two medical opinions based on competent medical evidence disagree as to the percentage of functional impairment, such matter shall may be referred by the administrative law judge to an independent health care provider who shall be selected by the administrative law judge from a list of health care providers maintained by the director. The health care provider selected by the director (continued)

pursuant to this section shall issue an opinion regarding the employee's functional impairment which shall be considered by the administrative law judge in making the final determination. The amount of weekly compensation for permanent partial general disability shall be determined as follows:

(1) Find the payment rate which shall be the lesser of (A) the amount determined by multiplying the average gross weekly wage of the worker prior to such injury by 66%% or (B) the maximum provided in K.S.A. 44-

510c and amendments thereto;

(2) find the number of disability weeks payable by subtracting from 415 weeks the total number of weeks of temporary total disability compensation was paid, excluding the first 15 weeks of temporary total disability compensation that was paid, and multiplying the remainder by the percentage of permanent partial general disability as determined under this subsection (a); and

(3) multiply the number of disability weeks determined in paragraph(2) of this subsection (a) by the payment rate determined in paragraph

(1) of this subsection (a).

The resulting award shall be paid for the number of disability weeks at the full payment rate until fully paid or modified. If there is an award of permanent disability as a result of the compensable injury, there shall be a presumption that disability existed immediately after such injury. In any case of permanent partial disability under this section, the employee shall be paid compensation for not to exceed 415 weeks following the date of such injury, subject to review and modification as provided in K.S.A. 44-528 and amendments thereto.

(b) If an employee has received an injury for which compensation is being paid, and the employee's death is caused by other and independent causes, any payment of compensation already due the employee at the time of death and then unpaid shall be paid to the employee's dependents directly or to the employee's legal representatives if the employee left no dependent, but the liability of the employer for the payments of compensation not yet due at the time of the death of such employee shall cease and be abrogated by the employee's death.

(c) The total amount of compensation that may be allowed or awarded an injured employee for all injuries received in any one accident shall in no event exceed the compensation which would be payable under the workers compensation act for 100% permanent total disability re-

sulting from such accident.

(d) Where a minor employee or a minor employee's dependents are entitled to compensation under the workers compensation act, such compensation shall be exclusive of all other remedies or causes of action for such injury or death, and no claim or cause of action against the employer shall inure or accrue to or exist in favor of the parent or parents of such minor employee on account of any damage resulting to such parent or parents on account of the loss of earnings or loss of service of such minor

employee.

- (e) In any case of injury to or death of a female an employee, where the female employee or her the employee's dependents are entitled to compensation under the workers compensation act, such compensation shall be exclusive of all other remedies or causes of action for such injury or death, and no claim or action shall inure, accrue to or exist in favor of the surviving husband spouse or any relative or next of kin of such female employee against such employer on account of any damage resulting to such surviving husband spouse or any relative or next of kin on account of the loss of earnings, services, or society of such female employee or on any other account resulting from or growing out of the injury or death of such female employee.
- Sec. 7. K.S.A. 44-525 is hereby amended to read as follows: 44-525. (a) Every finding or award of compensation shall be in writing signed and acknowledged by the administrative law judge and shall specify the amount due and unpaid by the employer to the employee up to the date of the award, if any, and the amount of the payments thereafter to be paid by the employer to the employee, if any, and the length of time such payment shall continue. The award of the administrative law judge shall be effective the day following the date noted in the award.

(b) No award shall be or provide for payment of compensation in a lump sum, except as to such portion of the compensation as shall be found to be due and unpaid at the time of the award, or except at the discretion of the director on settlement agreements, and credit shall be given to the employer in such award for any amount or amounts paid by the employer to the employee as compensation prior to the date of the award.

(c) In the event the employee has been overpaid temporary total disability benefits as described in subsection (b) of K.S.A. 44-534a, and amendments thereto, and the employee is entitled to additional disability

benefits, the administrative law judge shall provide for the application of a credit against such benefits. The credit shall first be applied to the final week of any such additional disability benefit award and then to each preceding week until the credit is exhausted.

- Sec. 8. K.S.A. 44-531 is hereby amended to read as follows: 44-531. (a) Where all parties agree to the payment of all or any part of compensation due under the workers compensation act or under any award or judgment, and where it has been determined at a hearing before the administrative law judge that it is for the best interest of the injured employee or the dependents of a deceased employee, or that it will avoid undue expense, litigation or hardship to any party or parties, the administrative law judge may permit the employer to redeem all or any part of the employer's liability under the workers compensation act by the payment of compensation in a lump sum, except that no agreement for payment of compensation in a lump sum shall be approved for two years nine months after an employee has returned to work in cases in which the employee, who would otherwise be entitled to compensation for work disability, is not entitled to work disability compensation because of being returned to work at a comparable wage by any employer the employer who employed the worker at the time of the injury giving rise to the claim being settled. The employer shall be entitled to an 8% discount on the amount of any such lump-sum payment that is not yet due at the time of the award. Upon paying such lump sum the employer shall be released and discharged of and from all liability under the workers compensation act for that portion of the employer's liability redeemed under this sec-
- (b) No lump-sum awards, unless agreed to by the parties, shall be rendered under the workers compensation act except: (1) As provided in subsection (a) of this section, (2) in cases of remarriage of a surviving spouse as provided in K.S.A. 44-510b and amendments thereto, (3) in cases involving compensation due the employee at the time the award is rendered as provided in K.S.A. 44-525 and amendments thereto and in cases of past due compensation as provided in K.S.A. 44-529 and amendments thereto.

The cost of carrying such insurance or risk shall be paid by the employer and not the employee.

(c) The knowing and intentional failure of an employer to secure the payment of workers compensation to the employer's employees as required in subsection (b) of this section is a class G A misdemeanor.

(d) In addition, whenever the director has reason to believe that any employer has engaged or is engaging in the knowing and intentional failure to secure the payment of workers compensation to the employer's employees as required in subsection (b) of this section, the director shall issue and serve upon such employer a statement of the charges with respect thereto and shall conduct a hearing in accordance with the Kansas administrative procedure act, wherein the employer may be liable to the state for a civil penalty in an amount equal to twice the annual premium the employer would have paid had such employer been insured or \$25,000, whichever amount is greater.

Every self-insurer shall file with the director annually a report verifying the employer's continuing ability to pay compensation to the employer's employees.

(3) Every employer covered by the workers compensation act who is a member of a qualified group-funded workers compensation pool shall give written notice to the director if such employer changes from a group-funded workers compensation pool to insuring through an insurance carrier or becoming a self-insurer, such notice to be given within 10 days

Sec. 10. K.S.A. 44-534a is hereby amended to read as follows: 44-534a. (a) (1) After an application for a hearing has been filed pursuant to K.S.A. 44-534 and amendments thereto, the employee or the employer may make application for a preliminary hearing, in such form as the director may require, on the issues of the furnishing of medical treatment and the payment of temporary total disability compensation. At least seven days prior to filing an application for a preliminary hearing, the applicant shall give written notice to the adverse party of the intent to file such an application. Such notice of intent shall contain a specific statement of the benefit change being sought that is to be the subject of the requested preliminary hearing. If the parties do not agree to the change of benefits within the seven-day period, the party seeking a change in benefits may file an application for preliminary hearing which shall be accompanied by a copy of the notice of intent and the applicant's certification that the notice of intent was served on the adverse party or that party's attorney and that the request for a benefit change has either been denied or was not answered within seven days after service. Copies of medical reports or other evidence which the party intends to produce as exhibits supporting the change of benefits shall be included with the application. The director shall conduct a benefit review conference within 15 days after receipt of the application for preliminary hearing, to attempt to resolve the issues raised. If the issues cannot be resolved by the benefit review conference, the director shall assign the application to an administrative law judge who shall set the matter for a preliminary hearing and shall give at least seven days' written notice by mail to the parties of the date set for such hearing.

(2) Such preliminary hearing shall be summary in nature and shall be held by an administrative law judge in any county designated by the administrative law judge, and the administrative law judge shall exercise such powers as are provided for the conduct of full hearings on claims under the workers compensation act. Upon a preliminary finding that the injury to the employee is compensable and in accordance with the facts presented at such preliminary hearing, the administrative law judge may

make a preliminary award of medical compensation and temporary total disability compensation to be in effect pending the conclusion of a full hearing on the claim, except that if the employee's entitlement to medical compensation or temporary total disability compensation is disputed or there is a dispute as to the compensability of the claim, no preliminary award of benefits shall be entered without giving the employer the opportunity to present evidence, including testimony, on the disputed issues. A finding with regard to a disputed issue of whether the employee suffered an accidental injury, whether the injury arose out of and in the course of the employee's employment, whether notice is given or claim timely made, or whether certain defenses apply, shall be considered jurisdictional, and subject to review by the board. Such review by the board shall not be subject to judicial review. If an appeal from a preliminary order is perfected under this section, such appeal shall not stay the payment of medical compensation and temporary total disability compensation from the date of the preliminary award. If temporary total compensation is awarded, such compensation may be ordered paid from the date of filing the application, except that if the administrative law judge finds from the evidence presented that there were one or more periods of temporary total disability prior to such filing date, temporary total compensation may be ordered paid for all periods of temporary total disability prior to such date of filing. The decision in such preliminary hearing shall be rendered within five days of the conclusion of such hearing. Except as provided in this section, no such preliminary findings or preliminary awards shall be appealable by any party to the proceedings, and the same shall not be binding in a full hearing on the claim, but shall be subject to a full presentation of the facts.

If compensation in the form of medical benefits or temporary total disability benefits has been paid by the employer or the employer's insurance carrier either voluntarily or pursuant to an award entered under this section or pursuant to an interlocutory order entered by a benefit review officer under K.S.A. 44 5,114 and amendments thereto and, upon a full hearing on the claim, the amount of compensation to which the employee is entitled is found to be less than the amount of compensation paid or is totally disallowed, the employer and the employer's insurance carrier shall be reimbursed from the workers compensation fund established in K.S.A. 44-566a and amendments thereto, for all amounts of compensation so paid which are in excess of the amount of compensation the employee is entitled to less any amount deducted from additional disability benefits due the employee pursuant to subsection (c) of K.S.A. 44-525, and amendments thereto, as determined in the full hearing on the claim. The director shall determine the amount of compensation paid by the employer or insurance carrier which is to be reimbursed under this subsection, and the director shall certify to the commissioner of insurance the amount so determined. Upon receipt of such certification, the commissioner of insurance shall cause payment to be made to the employer or the employer's insurance carrier in accordance therewith.
